TI C/C++ Runtime Support (rtssrc.zip) Manifest

LEGEND (explanation of the fields in the Manifest Table below)

Software Name: The name of the application or file.

Version: Version of the application or files

License Type: Type of license(s) under which TI will be providing software to
    the licensee (e.g. BSD, GPLv2, TI TSPA License, TI Commercial License). See
    Open Source Reference License Disclaimer in the Disclaimers Section.

Location: The directory name and path on the media (or in an archive) where the
    Software is located.

Delivered As: This field will either be "Source", "Binary" or "Source and
    Binary" and is the form the content of the Software is delivered in. If the
    Software is delivered in an archive format, this field applies to the contents
    of the archive. If the word Limited is used with Source, as in "Limited
    Source" or "Limited Source and Binary" then only portions of the Source for
    the application are provided.

Modified by TI: This field will either be "Yes" or "No". A "Yes" means TI has
    made changes to the Software. A "No" means TI has not made any changes. Note:
    This field is not applicable for Software "Obtained from" TI.

Obtained from: This field specifies where or from whom TI obtained the Software.
    It may be a URL to an Open Source site, a 3rd party licensor, or TI (if TI
    developed the software). If this field contains a link to Open Source software,
    the date TI downloaded the Software is also recorded. See Links Disclaimer in
    Disclaimers Section.

DISCLAIMERS

Export Control Classification Number (ECCN)

    Any use of ECCNs listed in the Manifest is at the user's risk and without
    recourse to TI.   Your company, as the exporter of record, is responsible for
    determining the correct classification of any item at the time of export.
    Any export classification by TI of Software is for TI's internal use only and
    shall not be construed as a representation or warranty regarding the proper
    export classification for such Software or whether an export license or other
    documentation is required for exporting such Software.

Links in the Manifest

    Any links appearing on this Manifest (for example in the "Obtained from" field)
    were verified at the time the Manifest was created. TI makes no guarantee that
    any listed links will remain active in the future.

Open Source License References

    Your company is responsible for confirming the applicable license terms for
    any open source Software listed in this Manifest that was not "Obtained from"
    TI. Any open source license specified in this Manifest for Software that was
    not "Obtained from" TI is for TI's internal use only and shall not be construed
    as a representation or warranty regarding the proper open source license terms
    for such Software.
